

I understand you are considering changing the laws regarding who can call me on my phone. Our Indiana laws are working fine and we wish you would leave them the way they are. We believe we have the right to say who can call us unsolicited. No one should have the right to invade the privacy of our home. This is America and if I want someone to call me I will let them know. Don't tell us we have to let them invade the privacy of our home. Keep America free!!!
